

DA HUPFATE VUAGLE (Zwiefacher) Egerland-a former German settlement area in CSSR.

Suggested music: Tanz EP 58131
'Volkstänze aus dem Sudetenland' Vol. 3

Meter: 2/4 3/4

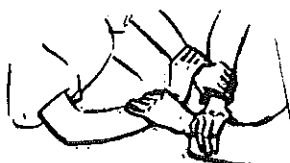

Formation: Couples around the outside of the circle.

The following dance is a Zwiefacher- it is danced in figures as is typical of the Egerland.

I. $\frac{3}{4}$ Partners face each other. Each grasps his left wrist with the R hand and with the left, the r wrist of his partner opposite him. Beginning R and turning CW, couples dance 2 waltz steps. Still with R foot in front and turning CW dance @ buzz steps (this is called 'RÅJARN' and is danced either by couples or by rows of couples in back basket hold in many of the Egerland dances). During the 4th meas. of the 4th repeat, the helman does not step on the l foot in order to have it free.

II. Take closed hip-shoulder position and dance 2 W, 4 P. Repeat pattern 3X more.

Alternate figure I and II to the end of the record. Each is danced 4 times.

'Råja' grasp

'Råjarn' as a couple
